Precautionary statements	P101 If medical advice is needed, have product cont label at hand. P102 Keep out of reach of children.	tainer or
	Prevention:	
	<ul><li>P262 Do not get in eyes, on skin, or on clothing.</li><li>P280 Wear protective gloves/ eye protection.</li></ul>	
	<b>Response:</b> P302 + P352 IF ON SKIN: Wash with plenty of soap water.	and

#### Hazardous components which must be listed on the label:

1,2-benzisothiazol-3(2H)-one

2-methylisothiazol-3(2H)-one

reaction mass of 5-chloro-2-methyl-2H-isothiazol-3-one and 2-methyl-2H-isothiazol-3-one (3:1)

reaction mass of 5-chloro-2-methyl-2H-isothiazol-3-one and 2-methyl-2H-isothiazol-3-one (3:1)

#### **Additional Labelling**

EUH211 Warning! Hazardous respirable droplets may be formed when sprayed. Do not breathe spray or mist.

#### 2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

#### **SECTION 3: Composition/information on ingredients**

:

#### 3.2 Mixtures

#### **SECTION 4: First aid measures**

#### 4.1 Description of first aid measures

General advice	:	Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible). Move out of dangerous area. First aider needs to protect himself.
If inhaled	:	Move to fresh air.
In case of skin contact	:	Do NOT use solvents or thinners. In case of contact, immediately flush skin with soap and plenty of water.

Version 3.0	Revision Date: 01.12.2020	Print Date 02.12.2020	Date of last issue: 18.11.2019 Date of first issue: 01.12.2020
In cas	se of eye contact	IF IN EYES: F	n persists: Get medical advice/ attention. Rinse cautiously with water for several minutes. act lenses, if present and easy to do. Continue
lf swa	allowed	: Seek medical Clean mouth	advice. with water and drink afterwards plenty of water.

#### 4.2 Most important symptoms and effects, both acute and delayed None known.

#### 4.3 Indication of any immediate medical attention and special treatment needed Treatment

: No information available.

If swallowed, DO NOT induce vomiting.

### **SECTION 5: Firefighting measures**

#### 5.1 Extinguishing media Suitable extinguishing media : Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Unsuitable extinguishing None known. • media 5.2 Special hazards arising from the substance or mixture In case of fire hazardous decomposition products may be Specific hazards during fire-: fighting produced such as: Carbon monoxide, carbon dioxide and unburned hydrocarbons (smoke). 5.3 Advice for firefighters Special protective equipment : Wear self-contained breathing apparatus for firefighting if necfor firefighters essary.

Further information	:	Standard procedure for chemical fires. The product itself does not burn.
		•

#### **SECTION 6: Accidental release measures**

#### 6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions : Use protective shoes or boots with rough rubber sole.

Version	Revision Date:	Print Date	Date of last issue: 18.11.2019
3.0	01.12.2020	02.12.2020	Date of first issue: 01.12.2020

Material can create slippery conditions. Do not get in eyes, on skin, or on clothing.

#### **6.2 Environmental precautions**

o do so. s or drains inform sewer system.
5

#### 6.3 Methods and material for containment and cleaning up

Methods for cleaning up	:	Keep in suitable, closed containers for disposal. Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust).

#### 6.4 Reference to other sections

For further information see Section 7 of the safety data sheet. ,For personal protection see section 8.,For disposal considerations see section 13.

#### **SECTION 7: Handling and storage**

7.1 Precautions for safe handling	g	
Advice on safe handling	:	For personal protection see section 8. No special technical protective measures required.
		In addition, the current technical information for this product and its application on www.caparol.com must be observed.
Hygiene measures	:	Wash hands before eating, drinking, or smoking. Do not eat, drink or smoke when using this product.
7.2 Conditions for safe storage,	incl	uding any incompatibilities
Requirements for storage areas and containers	:	Perishable if frozen. To maintain product quality, do not store in heat or direct sunlight. Store at room temperature in the original container. Containers which are opened must be care- fully resealed and kept upright to prevent leakage.
Advice on common storage	:	Keep away from oxidizing agents and strongly acid or alkaline materials.
Storage class (TRGS 510)	:	12, Non Combustible Liquids
7.3 Specific end use(s)		
Specific use(s)	:	This information is not available.

the market and use of certain dangerous substances,	lowing entries should be considered:
preparations and articles (Annex XVII)	Number on list 3
REACH - Candidate List of Substances of Very High Concern for Authorisation (Article 59).	<ul> <li>This product is a mixture and does not contain Substances of Very High Concern (SVHC) equal or above 0.1%. Therefore no advised uses have to be defined and no chemical</li> </ul>

CaparolColor Vollton- und Abtönfarbe							
Version 3.0	Revision Date: 01.12.2020	Print Date 02.12.2020	Date of last issue: 18.11.2019 Date of first issue: 01.12.2020				
			safety assessment has to be gener- ated.				
	REACH - List of substances subject to authorisation : None (Annex XIV)						
Seveso III: Directive 2012/18/EU of the European Parliament and of the Council on the control of major-accident hazards involving dangerous substances. Not applicable							
Water (Germa	contaminating class any)	<b>,</b>	vater endangering cording to AwSV, Annex 1 (5.2)				
Volatile	e organic compounds	: Directive 2004/4: < 0.1 % < 1 g/l	2/EC				

#### Other regulations:

Take note of Law on the protection of mothers at work, in education and in studies (Maternity Protection Act - MuSchG).

Take note of Directive 94/33/EC on the protection of young people at work or stricter national regulations, where applicable.

#### 15.2 Chemical safety assessment

A Chemical Safety Assessment is not required for this substance.

#### **SECTION 16: Other information**

#### Full text of H-Statements

H301 :	Toxic if swallowed.
H302 :	Harmful if swallowed.
H310 :	Fatal in contact with skin.
H311 :	Toxic in contact with skin.
H314 :	Causes severe skin burns and eye damage.
H315 :	Causes skin irritation.
H317 :	May cause an allergic skin reaction.
H318 :	Causes serious eye damage.
H330 :	Fatal if inhaled.
H351 :	Suspected of causing cancer if inhaled.
H400 :	Very toxic to aquatic life.
H410 :	Very toxic to aquatic life with long lasting effects.
H411 :	Toxic to aquatic life with long lasting effects.

#### Further information

#### Other information:

No exposure scenario communication is required for this product according to REACH Regulation No. 1907/2006 EC.

Communication of Uses is not required in accordance with REACH Article 31(1)(a) - registered substances / mixtures do not meet the criteria for classification as hazardous in accordance with Regulations 1272/2008 EC or 1999/45/EC.

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.

#### **REACH Information**

According to our legal obligation we implement the Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH). We will adjust and update our safety data sheets on a regular base in accordance with the information of our upstream-suppliers. As usual we will inform you about the adjustments.

Regarding to the REACH regulation we would like to point out that DAW as a downstream user will not register on behalf of our company. We will rely on information from our suppliers. As soon as new information is available our safety data sheets will be amended accordingly.
